

# RELATIVITY FEST

## CLE Frequently Asked Questions

***Q: Are you applying for CLE in my state?***

A: We've submitted 17 sessions for CLE accreditation to states that require CLEs. For a list of states, please [click here](#). We have noted every session with pending CLE credits as "submitted for CLE accreditation" in the session catalog.

***Q: What do I need to do to receive credit?***

A: To receive CLE credits, please scan in and scan out of all eligible sessions. To receive credits, you must stay the duration of the session.

***Q: How will I know which sessions I received credit for?***

A: Each individual jurisdiction ultimately decides whether a particular session is approved for accreditation or not. Jurisdictions vary in terms of requirements and timelines for approval.

***Q: How will I receive my CLE certificate of attendance?***

A: All attendees will receive an email following Relativity Fest and File CLE with a link to the online CLE system. This email will contain instructions on how to confirm your participation at the various sessions you attended, input your jurisdiction information, and print your CLE certificate of attendance.

***Q: When can I expect to receive the email with instructions to download my certificate of attendance?***

A: Within 2 weeks following Relativity Fest. If your state requires sponsors to report attorneys' attendance, we will report your attendance by October 31, 2018.

***Q: What if my state is pending when I use the online CLE system?***

A: Follow the instructions you receive in the email, in order to confirm your participation using Relativity's online CLE system. We will contact you via email immediately upon receiving accreditation from your jurisdiction, so you can print out a correct certificate of attendance.
