Cards Against Relativity

with JND eDiscovery's Heidi Girod

As the meme goes, it's March 200, 2020, at this point. The first day of Relativity Fest is winding to a close, and you deserve a break. We'd say, "It's 5 o'clock somewhere," but let's be honest: You're on quaran-time, and happy hour is whatever time the clock reads when there's a drink in your hand. That's OK. We've created a virtual space for that.

Join Gold Sponsor and RelativityOne Certified Partner JND eDiscovery for a friendly game of Cards Against Relativity: A Virtual Card Game for Horrible Relativians! Submit your responses to Relativity-themed cue cards, judge the responses submitted by other players, and watch the winning responses top the chart in real time.

JND eDiscovery Senior Project Manager Heidi Girod will be hosting the game via Zoom, and you will need a computer and smartphone to play along. JND will give away prizes to the players who succeed in making Heidi laugh hard enough to send her Mountain Dew out her nose. There will be a winner for EVERY round. This is sure to be a highlight of #RF20, so register to play ASAP!

Stellar Women Takeover at Fest: A Virtual Sit-Down with Women in eDiscovery Leadership

The Stellar Women in e-Discovery program is coming to you virtually this year at Relativity Fest! Hosts Mila Taylor and Mary Rechteris will sit down with Women in eDiscovery leadership in an interactive talk centered on questions from attendees. Interested in submitting questions ahead of time? Email them to marketing@relativity.com.

Storytime with Steve: Historic Travels

with Relativity's Steve Tanner

Take a break as we explore interactive stories for all ages, where your vote determines what happens next. "Storytime with Steve" features Relativity's Steve Tanner reading classic interactive gamebooks where YOU are part of the story!

Monday: Historic Travels

Thrilling quests await! Avoid snakebites and dysentery as we travel along the Oregon Trail. But don't get lost on the journey, because we'll head underground next to explore dark, time-traveling caves.

All stories are G rated, and we invite your family to join the fun!

Top Chef Cooking Class

with Top Chef's Stephanie Cmar

Join Stephanie Cmar in a virtual cooking class. Stephanie appeared on Bravo's Top Chef in Season 11 and was back again in Top Chef All Stars, where she placed third in a competition of the top chefs in the country. During this course, you'll receive a shopping list and an optional wine pairing. Then we'll get to cooking together, virtually, to compose a great meal in an hour or less.

Find ingredient list on page 5.

Community Resource Group Trivia

As a break in your day of learning, we would like to invite you to join us in an educational – but fun – trivia competition! Participants from Relativity CRGs and YOU come together to compete to answer questions about Inclusion, Diversity, and Belonging topics. Questions can range from cultural and racial stats and facts, equality movements throughout time, or even best practices on how to be mindful! The audience will vote for an answer and compete against the CRG members, so feel free to join the fun or sit back and learn.

Building Trust and Accelerating Transformation of Multilingual Content into Documentary Evidence

with Graeme Buller, director, Alvarez & Marsal Disputes and Investigations, LLP; Elsa Sklavounou, PhD, VP of AI Alliances, SDL; and Adam Muzika, enterprise sales director, SDL

Combining a trusted e-discovery technology with a trusted language technology has become an essential part of the e-discovery process. These tools help transform multilingual data into actual documentary evidence. In this networking session, attendees can share their experiences and ideas about how they are moving away from translating content to streamlining and accelerating document review regardless of their language and format.

Join the conversation with industry practitioners and discuss how automation helps cross-border investigations securely deliver fast, accurate, and effective multilingual e-discovery.

Ask the Relativity Solutions Team

Do you have workflow questions about Aero? Perhaps you’re curious about how to interpret your Active Learning reports? Maybe you’d just like to say hi to someone who has helped you in the past. All of these reasons (and more) provide ample justification to join the Solutions Q & A hour. Bring your questions or just pop in to say hi!

Storytime with Steve: Above & Beyond

Take a break as we explore interactive stories for all ages, where your vote determines what happens next. "Storytime with Steve" features Relativity's Steve Tanner reading classic interactive gamebooks where YOU are part of the story!

Wednesday: Above & Beyond

Scientists have said it's impossible to go through a black hole in space without being crushed by gravity. Should we try it? Maybe you'd prefer to stand inside the center of the Earth as you discover fantastic and strange characters you've never imagined.

All stories are G rated, and we invite your family to join the fun!

Relativity Squares

Relativity's product team is excited to host a fun virtual game and networking event, so grab your beverage of choice and come join us. At Relativity Squares, you'll have the opportunity to network and meet Relativians and other e-discovery professionals. You'll get to partner up with a Relativity executive and play a trivia game testing your e-discovery and Relativity knowledge. Winners will get bragging rights and a donation to a charity made in their name. After the game, you'll get the opportunity to mingle in fun themed breakout rooms of your choosing, hosted by Relativity executives.
