

RELATIVITY FEST CHICAGO

The Details:

When: October 7 - 9, 2025

Where: Hyatt Regency Hotel, Chicago, IL

EVERYTHING YOU NEED TO KNOW ABOUT RELATIVITY FEST

When the Relativity community gathers, you know it's going to be good. At our annual legal data and technology conference, Relativity Fest, we come together to learn, connect, and solve legal data challenges – side by side.

This October, we're headed back to Chicago for some quality time with our favorite community. Join us for a packed week of breakout sessions, hands-on learning, and opportunities to meet friends, old and new. You won't want to miss this year's festivities.

WHY ATTEND?

Education & Inspiration

Explore the topics impacting the legal data and technology industry – like the future of generative AI, Legal Data Intelligence, and more. You'll return home with practical takeaways and fresh ideas to help you work smarter and grow your skills.

Tracks**

Connection & Celebration

Relativity Fest is all about the people. Meet up with industry leaders, swap stories with peers, and connect with Relativity's leadership and product teams. And when the sessions end, the fun begins. Join us at our legendary Relativity Fest networking event – it's not your average night out.

Bragging Rights

Attendees talk about Relativity Fest long after the event is over. Don't risk the FOMO – join us for what's sure to be an amazing experience. Take it from our past Relativity Fest attendees:

"I'm looking forward to my next encounter with the beautiful city of Chicago — to meeting up with my team and with the wonderful and diverse group of people that make up our e-discovery community at Relativity Fest."

"Why am I here at Relativity Fest? To think out loud with some of the best minds in the business of law. To test my best ideas and hear yours. To meet people, especially new faces with fresh perspectives. To build new relationships and to strengthen existing ones. And to be surprised by interactions and insights I didn't expect."
